- **Built a strong Instagram foundation** that sets you up to get true fans and is optimized for the algorithm and fit for algorithm changes
- **Become an Instagram Algorithm Pro** (understanding every inch of the algorithms, how they play together and what you can do to give you massive reach)
- **Developed a bulletproof content strategy** (creating content that builds demand, feeds the algorithm and make your engagement explode)
- **Implemented the latest IG growth strategies** (to get laser targeted, organic Instagram growth — without having to be afraid of shadow-bans and whatnot)
- **Created & launched products your followers are waiting to buy** (ever tried selling something to your audience and nothing happened? Not anymore!)
